

Remarks

Claims 1-29 are pending in this application. Claims 1-29 are rejected and objected to under various objections and 35 U. S. C. 112, second paragraph grounds.

Applicant thanks the Examiner for the thorough review of the claims and for indicating that the claims would be allowable if put in proper form. Applicant has endeavored to amend the claims in accordance with each of Examiner's suggestions and has also amended the claims to overcome some of the structural problems with some of the claims. Applicant believes that with these amendments the claims are now in condition for allowance.
